VISITING MUSICIANS

MISS VICKERS AND PUPILS OF HOLLYWOOD FURNISH G. U. H. PROGRAM

The program given by Miss Vickers of Hollywood and her pupils at a pay assembly at Glendale Union High School Tuesday forenoon greatly delighted the students who attended in large numbers and also their friends from outside who patronized it to such an extent that about seventy-five of the students had to stand for lack of seating accommodations. The entertainment was a great success in all respects, and at its conclusion students appealed to Mrs. Gibson for another program of the same sort to be included in the course which is to present a number of celebrities, among them Zona Gale, the novelist and story writer, and Frederick Ward. The program, which consisted of miscellaneous vocal numbers, was furnished by the Young Ladies' Quartette, led by Miss Vickers, whose studio is in Hollywood. She is well known to many in Glendale, and is a niece of Mrs. A. L. Bryant. With her three friends she was entertained at luncheon and for the afternoon at the Bryant home. Dr. and Mrs. Bryant and the young ladies were dinner guests of Mr. and Mrs. Spencer Robinson and in the evening were joined there by other guests, the list including Owen and Gilbert Emery, Dean and Hugh Bryant, Dana Burket and Mrs. Burket, Mr. and Mrs. Leon Sonntag and a few friends from Los Angeles. A delightful evening of music and dancing was enjoyed by the company.

GASOLINE ADVANCES 2 CENTS A GALLON

Gasoline took a jump of 2 cents a gallon yesterday. The prevailing price at oil stations now is 23½ cents. The big oil companies issued a statement accompanying the announcement of the raise to the effect that this would probably check the great movement of oil and gasoline to the East which threatened to drain the coast completely. The price of gasoline is higher in the East than here, ranging from 26 cents a gallon in Chicago to 30 cents in New Orleans.

IMPROVEMENTS PLANNED FOR GRAND VIEW CEMETERY

Messrs. Strothers and Bertleson of Hollywood and L. G. Scovern of Glendale, who recently purchased the Grand View Cemetery and took over the management at once with Mr. Headley as resident manager, are contemplating many improvements to the property, among them a new house for the superintendent and a large mausoleum. W. W. Shimel, who has been manager of the cemetery for five years past, has gone back to his old trade as a carpenter and will move as soon as he can get a house.

AN UNIQUE DINNER

PRE-EASTER FUNCTION OF YOUNG PEOPLE OF CONGREGATIONAL SUNDAY SCHOOL

About 60 young people of the First Congregational Sunday School of this city who are either students in the High School or alumni, enjoyed an unique dinner in the parlors of the church Monday evening, a pre-Easter function at which Mrs. J. H. Lash of Hollywood was the after-dinner speaker.

Each class had its separate table and to stimulate interest in the decoration of the various tables, the promise was made that the one awarded the highest score by judges named to pass upon them, should have the honor of entertaining the speaker. Mrs. Blake Franklin's class of young men captured the privilege of Mrs. Lash's presence at their board, their decorative scheme providing a desert scene with a cactus centerpiece and place cards of cactus leaves on which the names of guests were carved. The judges were Mesdames Dudley, Woods and Guthrie.

Miss Vantyne Smith's class of young ladies secured second honors with a St. Patrick's color scheme of green and white. The class is known as "The Gleaners," and in recognition of this fact the place cards were paper figurines of girls bearing sheaves of wheat. St. Patrick emblems featured the napkins and other table appointments.

Other tables received honorable mention. There was, for instance, the table of Mrs. Pierre Potter's class of young ladies which suggest-

FORGERY CASE AGAIN

MARTIN STANGLAND ALIAS E. P. STANLEY HAS PRELIMINARY

The preliminary examination of Stangland, or Stanley, charged with forging a check on the Bank of California, Seattle, Wash., and thereby attempting to defraud Salmacia Bros. out of a phonograph and $250, was held before Judge Lowe yesterday, having been continued from last Tuesday. The name of the accused was given as E. P. Stanley when he was arrested at 1018 East Colorado on March 1. Later he declared it was E. P. Stangland and now it appears from criminal records sent from Berkeley, Cal., and Monroe and Everett, Wash., that his name is really Martin Stangland. He is wanted in all three of the places above named for forgery or burglary and demands have been made for him when the L. A. county officers get through with him.

His wife and a woman companion giving her name as Pearl Bell, are now in the Orange county jail at Santa Ana charged with forgery. Both were arrested first in Glendale, with Stangland, and afterward released as not having been con-

(Continued on Page 6)

C. E. BUSINESS MEETING

The Glendale Presbyterian C. E. Society met at the home of the president, Marie Maier, 604 North Adams, Tuesday evening for their monthly business meeting and social.

A short business meeting was held at which plans were made and special prayers offered for the coming county convention at Pasadena, after which a very enjoyable social evening of games and music was spent. At the close of the evening light refreshments were served, every one declaring they had had the best time ever and would see each other in Pasadena Friday night.

LUMBER STOLEN

L. Duran of 1108 Oakwood Avenue reported to the police yesterday the theft from his place of four boards, 1x12 inches, 20 feet long. With lumber at present prices the loss is quite a serious one. No clue to thieves or property has yet been discovered.

ST. PATRICK DINNER

MR. AND MRS. LOUIS FISCHER PROVIDE BIRTHDAY SURPRISE FOR DAUGHTER ELSIE

Mr. and Mrs. Louis Fischer of 417 West Cypress Street entertained last evening in honor of their daughter, Elsie, whose birthday falls on St. Patrick's day. Guests were bidden to dinner unbeknown to Miss Fischer, who was greatly surprised to find the house crowded with friends upon her arrival from Los Angeles.

At prompt seven o'clock the dining room doors were opened showing a table with covers laid for 11, loaded from end to end with a bountiful dinner. The hand-painted place cards and the table decorations were carried out in green as well as the huge birthday cake and dessert served at the end of the delicious dinner. Green also predominated in the refreshments, which were passed later in the evening.

Several piano numbers given by Miss Mildred Fischer were greatly enjoyed, as well as the vocal numbers rendered by Miss Beatrice Cross of Los Angeles, who possesses a voice of unusual volume and beauty of tone.

Games and music took up the balance of the evening, the guests leaving at a late hour, all voting Mr. and Mrs. Fischer royal entertainers.

EASTER REHEARSALS

W. F. Shinner of 203 West Garfield Street has generously provided for the Central Avenue Methodist Sunday School a complete set of the Easter cantata, "The Lord of Life," by Gabriel. The entire school is practicing the music with the intention of presenting it Easter evening at a vesper service. J. L. Brown, superintendent of the Sunday school, is co-operating in the work and fifteen minutes every Sunday morning preliminary to the Sunday school session is devoted to rehearsal. Even the little tots in the infant classes are learning it and the children are enjoying it immensely because the Easter music is so joyous.

VON KAPP AND LUETTWITZ RESIGN

CAPITULATE TO AN ULTIMATUM BY WORKERS THREATENING SOVIET REPUBLIC

(Special Service to Glendale Evening News)

PARIS, March 17.—Threats of the immediate establishment of a soviet republic and an attack on Berlin were responsible for the decision of Dr. Wolfgang Von Kapp and General Von Luettwitz to resign as leaders of the revolutionist government, according to Berlin dispatches received here today. The decision of the counter-revolution leaders to resign, unconditionally, followed an ultimatum delivered by Deputies Cohn and Daumig.

The ultimatum declared that unless both resigned and the Luettwitz troops were withdrawn before 9 p. m. Tuesday, the workers would proclaim a soviet republic and attack the city. Workers in the districts of Weissenece, Reinischkendorff and Standeu were reported to be fully armed and ready to carry out the threats of the deputies.

ALLIED FORCES ALONG RHINE

MARSHAL FOCH AND ALLIED COMMANDERS DECIDE ARE SUFFICIENT FOR EMERGENCIES

(Special Service to Glendale Evening News)

MAYENCE, March 17.—Marshall Foch and the allied commanders have decided that the allied forces now along the Rhine are sufficient to meet any emergency caused by the German revolution. Marshal Foch has returned to Paris.

DISORDER IN GERMANY

CLASHES BETWEEN TROOPS AND CITIZENS IN PRUSSIAN DISTRICTS, RESULT IN CASUALTIES

(Special Service to Glendale Evening News)

PARIS, March 17.—Twenty-three persons have been killed and many wounded in clashes between soldiers and citizens at Hagen in Westphalia, dispatches received here today said. The fighting occurred when soldiers arrived to occupy the city. Munich dispatches described the situation there as critical. Crowds attempted to penetrate the diet but were repulsed by the soldiers with some casualties. In Essen the Workers' Revolutionary Council was reported to have constituted an executive committee of thirty members to negotiate an alliance with socialists in the lower Rhine districts of Westphalia for the purpose of establishing a dictatorship of their proletariat.

SELF DETERMINATION PROBLEMS

SENATE TABLES TREATY RESERVATIONS CONCERNING INDIA, IRELAND, KOREA, HAWAII, ETC.

(Special Service to Glendale Evening News)

WASHINGTON, March 17.—The Senate today laid on the table the question of Irish independence along with the whole question of self determination for subject peoples. By a vote of 54 to 21 the Senate tabled a reservation to the treaty offered by Senator Owens of Oklahoma stating that the United States understands that the British protectorate over Egypt will end. The reservation followed an amendment recognizing the Irish republic and stating that the United States understood that Great Britain would also recognize Irish independence, and further amendments of the same import regarding Korea, the Philippines, Porto Rico and Hawaii.

SHIPPING BOARD OIL CONTRACTS

ENTERS INTO AGREEMENT WITH STANDARD OIL AND TWO OTHER BIG CORPORATIONS

(Special Service to Glendale Evening News)

WASHINGTON, March 17.—The shipping board today decided to enter into a private agreement with the Standard Oil Company of New Jersey, the Mexican Petroleum Company and one other big corporation to provide ten million barrels of fuel oil at a price averaging $2.07 a barrel.

TO BOOST FOR HOOVER'S NOMINATION

RALPH P. MERRITT ACCEPTS CALIFORNIAN CHAIRMANSHIP OF CAMPAIGN COMMITTEE

SAN FRANCISCO, March 17.—Ralph P. Merritt today accepted appointment as California manager of the campaign to win the republican nomination of Herbert Hoover for president of the United States. Merritt announced his resignation as secretary and comptroller of the University of California.

FEDERAL INCOME TAXES

WASHINGTON, March 17.—Federal income taxes cannot be reduced until after 1922, Secretary of the Treasurer Houston today informed the House Ways and Means Committee. He declared, however, that revision of several of the present federal taxes should be made and revenues adjusted to make up for the loss the government will sustain as a result of the Supreme Court decision that dividends paid on stock are non-taxible.

VALLEY LAND VALUES

GREATER REAL ESTATE ACTIVITY IN SAN FERNANDO ACREAGE THAN EVER BEFORE

In answer to the pessimists who are wondering whether land values in California are not getting too high intelligent real estate authorities declare that local residents have not waked up to the value of the soil around them as compared with the east. Spencer Robinson of this city confirms these contentions and declares that never in the history of the San Fernando Valley has there been such activity in acreage. While there is a strong demand for small holdings ranging all the way from one to five acres, there is also a call for real farms. Some of these are going to easterners who have sold out in Iowa or Illinois or still further east, but a good many are going to Californians who for one reason or another want a change from their specialty or location. He cites as examples bean farmers in the neighborhood of Ventura who sold their farms at what seemed like fabulous prices last year and are now buying in the San Fernando Valley where they will not be too far from Los Angeles, but will still be able to follow their chosen work of farming. The same thing is true of Imperial Valley men who have made their pile in that torrid valley and now want to taper off as far as heat is concerned and to be within easy motoring distance of the angel city.

There are farmers, too, in the neighborhood of Santa Ana who have sold orange orchards for big money and now want to try alfalfa raising. To Mr. Robinson the farm land proposition in this valley looks very bright and he sees no reason to fear any slump in prices.

Southern Californians should always remember, he says, that climate is a tremendous asset. While sterility of soil is a big factor in the abandoned farm problem of New England, the inhospitable winter climate which tends toward isolation should not be forgotten as one of the causes of abandonment and of flight to the cities to escape the loneliness of farm conditions there. The climate and good roads of Southern California have done away with isolation and made of Los Angeles county a big suburb.

CHICAGO PEOPLE LOOKING FOR GLENDALE HOME

G. B. Rowe and family were motoring around over Glendale yesterday trying to find a place to rent and failing that a suitable residence property to buy. Mr. Rowe has been in the calendar printing business in Chicago for a number of years, but came to Los Angeles to spend the winter. He looked at many places for sale in Los Angeles but was attracted to Glendale by its scenic beauty and pure atmosphere, so determined to settle down here if he could find a residence to suit him.

CONSCIENCE FUND

MRS. MATTISON B. JONES SUMMONS TRIBUNAL TO DECIDE DIFFICULT PROBLEM

The building fund of the Tuesday Afternoon Club is being swelled by contributions from varied sources, but the latest of these resources is a conscience fund which was started at the home of Mrs. Mattison B. Jones Tuesday afternoon and thereby hangs a tale. As told by Mrs. Jones it runs something like this: When she was packing up her belongings preparatory to moving from her Orange Street home to the one she is now occupying on Brand Boulevard, she found on an upper cupboard shelf in her kitchen, where things not in daily use were kept, a package containing about four pounds of sugar, which had evidently been hoarded all through the war. As Mrs. Jones has posed and has even deceived herself into the belief that she has always behaved as a patriotic American should, she was quite horrified at the possibilities disclosed by this find, the more so as she reflected what might have occurred had a federal investigator of the department, headed by the great and only Herbert Hoover, visited her home. She turned the package over and found inscribed upon it the name of Mrs. Daniel Campbell, which linked her with the conspiracy, and putting on her thinking cap, memory carried her back to the first big affair given during the first year of Mrs. Jones' administration as president of the Tuesday Afternoon Club—a benefit for the club house fund. It was a carnival of nations for which the home

(Continued on Page 6)

DEATH OF KARL LA COM

ESTIMABLE YOUNG SALESMAN DIES OF PNEUMONIA AFTER SHORT ILLNESS

Karl Rudolph LaCom died yesterday morning at 6:30 at a hospital in Los Angeles, of pneumonia. Several weeks ago he had to quit work on account of nervous prostration and was being treated for that when he was taken down with pneumonia.

Deceased was 36 years of age and had lived in Southern California for 15 years, coming from Oregon. He had been with the Packard Motor Car Agency in Los Angeles, as a salesman, for several years and was very highly thought of. When he married Miss Agatha Eyraud three years ago the company not only gave him a six weeks' vacation on full pay but furnished him with one of their best cars for a long honeymoon trip through the central and northern parts of the state.

Mr. LaCom was living at 433 West Garfield Avenue. He is survived by his wife and child, his mother, Mrs. Katrin LaCom, two sisters, Mrs. L. C. Flutot, of 412 Oak Street, and Mrs. B. C. Levy, of Los Angeles, also two brothers, Ferd, of Alhambra, and Alex of Salt Lake City, Utah. He was a mmber of the Episcopal Church and an Elk.

The body is at the L. G. Scovern undertaking establishment. Interment will be in Forest Lawn cemetery and the funeral services will be held in the Little Church of the Flowers tomorrow at 2 p. m. The Elks will have charge of the services, both in the church and at the grave.

WORK ON BUNGALOW COURT TO BEGIN

The commencement of work on the new bungalow court to be built on North Orange Street by Kent & Son for A. L. Baird and Dr. Young has been delayed by uncertainty regarding the course of the Patterson Avenue extension and by objections of one or two owners of new residences. Matters are now adjusted and work will begin directly. Nine white plastered four-room bungalows and a garage for six machines will be built.

ONLY A CIGARETTE

YET IT CAUSED A VERY THREATENING BLAZE IN EAGLE ROCK

Chief Lankford's car and engine No. 1 made a hurried run to Eagle Rock this forenoon in response to a call for help from citizens there. Before the call came the chief had seen a thick column of black smoke ascending skyward in that direction and was ready for instant response. Six firemen went along on engine No. 1 and when they arrived a big Standard Oil truck was found standing in Colorado Street in front of a two-story business building and enveloped in flames. The driver had been drawing gasoline to fill the storage tanks of a supply station when a passerby carelessly flung a burning cigarette stub into his brimming measure. Instantly the flames leaped up and the truck was all ablaze, and both oil and gasoline tanks were nearly full. The driver courageously sprang to the steering wheel and moved his truck away from the curb and near the center of the street. Eagle Rock's chemical engine was brought out and the full supply of chemicals was exhausted without making any impression. Then the Glendale fire department was called on for help. Arrived there Chief Lankford found use for the first time, for the two-inch hose connection the engine has always carried. It was hooked on to the two-inch fire plug nearby and a heavy stream of water first directed against the two-story building, thoroughly soaking its front and roof. Then the full force was turned upon the still fiercely blazing truck and the flames fairly smothered. The truck was a wreck, the woodwork being completely destroyed and many of the metal parts bent and twisted. The oil and gasoline was nearly all consumed. Chief Lankford thinks the work of the Glendale department averted a disastrous fire in which many business buildings on the south side of Colorado would have been destroyed and a number of grateful Eagle Rock residents expressed a similar opinion, highly commending the neighborly act.

WEATHER FORECAST: Fair tonight and Thursday. No important change in temperature.

GLENDALE, CALIFORNIA, WEDNESDAY, MARCH 17, 1920.

Editor Glendale Evening News,

Dear Sir:

Kindly have the enclosed notice published in your paper at the earliest date possible.

PEOPLE'S CAUCUS

To be held in the Glendale Union High School, Thursday evening, March 18, at 8 o'clock, for the purpose of nominating candidates for city offices as follows, to be voted on at the city election, Monday, April 12, 1920.

Three trustees to serve for a term of four years;

One city clerk to serve for a term of four years:

One city treasurer to serve for a term of four years.

Said caucus to be presided over by a Chairman chosen by a vote of the people assembled.

The committee recommends that all votes be taken by ballot, and that all proceedings of the caucus be conducted in such a manner that the will of the people assembled may govern.

Some of the problems to come before the next Board of Trustees are the spending of $260,000.00 of water bond money, the consideration of a municipal sewer system, and the question of adopting a special charter to govern the city. Trustees who are the choice of the people should be empowered to attend to these important duties.

You are requested to give this call the widest publicity possible.

TOM BROWN'S RAMBLINGS

Dear Dick:

Our fellows are going to meet a team from Elwood's class pretty soon. Harry is our captain. He makes a good one, you bet. He will lead us to victory if any fellow can. The other day he said, "Now fellows, enthusiasm is the word." Just then Peter came up looking pretty blue. "Geo, whiz! fellows," he said, "the guys in Elwood's class are all huskies; I just saw them in a tryout. Shucks, we won't stand any chance at all." "Peter," called Harry, "we have a half-back and a quarter-back, but you're a draw-back, unless you turn your liver over and put on different specks we can't use you." Peter looked down his nose a minute, then showed his good stuff by coming up with a smile. Hard on Peter, but that is Harry's way. If he has any criticisms to make he makes them straight at the fellows and not to some one else. He says it is cowardly to find fault with a fellow behind his back where he hasn't a chance to defend himself. Then Sandy bobbed up. "I say, Harry, that kind of a coward is like a base cowardly egg." A lot of us said, "What do you mean, cowardly egg?" "Why, one that hits you and runs."

When I told my sister about Sandy's joke, she didn't seem to appreciate it and I said, "Don't you see the point?" She said, "Sure; that's pretty soft." I said, "Of course, it's soft; it wouldn't run if it wasn't."

And now when we hear a guy finding fault with some one not present we say, "Did you ever hear of Sandy's egg?"

Well, so long,

Tom Brown.

"WHAT'S THE MATTER WITH THE NEWS?"

This question was propounded to an Evening News reporter by C. E. Battey of the Poultry and Pet Stock Exchange. When asked his meaning he said: "Why, I'm getting such wonderful results from my ads as compared with my experience three years ago. Everybody seems to read the Evening News and they keep me constantly busy selling the things I advertise." Mr. Battey says there is a very large demand for baby chicks this year and his 6000-capacity hatchery is kept busy constantly and he has to buy from other hatcheries. He and his partner, Mr. Wheeler, are well satisfied with this second venture in this line of business and say Glendale evidently was waiting for them, judging by the way the ads bring so many immediate answers.

Reports from the home of Mrs. Young of 3855 South Verdugo Road, Los Angeles, show that she is recovering from her illness caused by heart trouble and will probably be able to be up in a couple of weeks. Mrs. Young formerly lived at 1215 East Harvard Street.

Advertise it, or advertise for it in the Evening News.

OLYMPIC TALENT

By L. W. St. John
Director of Athletics, Ohio State University.
(Written for the United Press)—(Copyrighted, 1920, United Press.)

Western Conference track teams have been rejuvenated since the war.

Indications are that the Big Ten will be able to furnish excellent material toward America's 1920 Olympic aggregation.

In contrast to other years when two or three schools were so strong as to totally eclipse the rest of the circuit, this winter's indoor conference meet at Patten Gymnasium, University of Chicago, March 19 and 20, every university will count in the scoring.

With the track season still early it is difficult to say with any degree of precision just what the chances of the Middle West are on the U. S. Olympic team—other than that the general standard of the conference is considerably higher than in 1916, and certainly than in 1912.

Outstanding stars of the conference teams are Johnson, Michigan; Spink, Illinois; Otis, Chicago; Higgins, Chicago; Oss, Minnesota; Herring, Indiana, and Moorehead, Ohio State.

In Carl Johnson, Michigan has a whole team. He is as much of a star to the Wolverines as Ralph Craig in his palmy days. He is as good an all-around star as Bob Simpson, Missouri's de luxe hurler, sprinter and jumper, who recently turned pro.

He is good for the dashes, for the jumps and possibly the relay team. He is consistent in his work and can always be counted on for a healthy share of the points.

Phil Spink, Illinois, is one of the best middle distance men in the country today. He won in the Inter-Allied championship races at Jonville-le-Pont near Paris, last summer and is better in the 880 than he was before he entered the army. He is a good quarter-miler, too.

In Higgins, Chicago has a weight man of note. He is credited with shoving the 16-pound shot around 47 feet this winter in competition—and is always good for 45 feet. He is easily the class of the conference in the pill event. Higgins also is credited with throwing the javelin 190 feet free style.

Otis, Chicago two-miler, is good timber. He can step the double mile in better than 10 minutes under favorable circumstances—and is even better outdoors. Oss, Minnesota football star, is a good quarter-miler and can do better than 50. Coach Frank is grooming him to set the pace in the conference this spring.

Herring, Indiana, and Moorehead, Ohio State, are two jumpers worth while. The former is a veteran who can perform in twin-six fashion at the broad jump around 23 feet. Moorehead, a new comer, is a good sprinter as well as high jumper. He is considered the best athlete Ohio State's track team has had since the days of Clem Cooke, sprinter and jumper, and Wikoff, distance man extraordinary, both of whom were on the 1912 American team to go to Stockholm.

Griffith, Ohio State captain, 1919, can do 175 feet with the javelin, regulation style and should be good for that event on the Olympic team. He captured honors in the Penn relay games last year.

Two new stars jumped into prominence on the western horizon at the recent Ill. relay carnival. Stone, of Iowa, a miler of promise and Hamilton, an all-around candidate from Missouri, showed encouraging form.

Stone, running as anchor man of the Iowa quartet cut down a big lead in the four-mile event and won the laurels. Hamilton won the all-around event with ease.

Carl Johnson gave additional grounds for the belief that he is booked for a star place in the Olympic games by winning three events at the carnival. He equalled the western conference record in the high hurdles and set a new record in the low hurdles.

Otis, of Chicago, showed great possibilities when he pulled a big surprise in two-mile relay by beating Spink, Illinois and Inter-Allied star, in one lap.

Jack Scholz, the Missouri sprint wizard, showed some of the ability that made eastern experts predict some time ago that he would be sure of a place on the American team. He equalled the world's record of 7 3-5 seconds for the 75-yards dash event.

Though beaten by Otis in the two-mile relay Spink showed his real stuff by getting away five yards behind Chicago in the last lap of the one-mile relay and winning by ten yards.

Emery, of Illinois, forced Speers, the Chicago star, to his limit to win the two-mile relay by a nose.

PRODUCTION OF PORTLAND CEMENT INCREASING

The large increase in the number of houses built with hollow tile or rough lumber walls cemented over on the outside, in Glendale as well as other Southern California cities has drawn heavily on the stocks of Portland Cement available. California produced in 1919 4,531,000 barrels of cement, which is more than 22,000,000 sacks. As the heavy building operations did not commence until the year was more than half gone, it is easy to see that the 1920 production, with building now in full tide, will be largely in excess of the above figures. Only one new plant for the manufacture of cement was established in 1919, that at Greencastle, Ind. The total number of plants in the United States was 110. The average factory price in 1919 was $1.69 a barrel, an increase of six per cent. Prices have advanced greatly this year, as the retail price is now around $4.50 a barrel.

FRUIT TO BE HIGHER

Glendale residents who have resources in the way of strawberry beds, fruit trees or berry bushes will do well to give them first class care and to encourage in all possible ways their productiveness, because—H. C. L. is going to make his final stand on fruit, so say officials of commercial fruit growers' associations. They report that even now crops are mortgaged to the canneries at such high figures that the percentage remaining will command a much higher price than last year in the retail market. The humble pie plant and the genteel Roselle will probably find their way into better society than ever before.

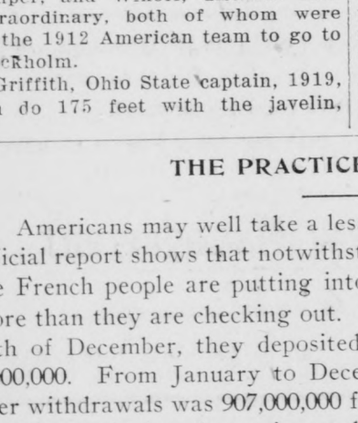
THE PRACTICE OF THRIFT

Americans may well take a lesson from French thrift. A recent official report shows that notwithstanding their poverty and distress the French people are putting into the savings banks a great deal more than they are checking out. In ten days, from the 11th to the 20th of December, they deposited 34,000,000 francs and withdrew 4,000,000. From January to December 20 the surplus of deposits over withdrawals was 907,000,000 francs.

France, in fact, is not in nearly so sad a plight as the slump in exchange might indicate. Of 1896 factories destroyed or damaged during the war in the zone of German occupation, 1285 had resumed production on November 1. Only 835 had resumed production on the first of August.

Taking the country in whole it is found that the returns from taxes are exceeding the estimates of the government budget. The French people are paying more taxes than the government had thought they could pay, are increasing their deposits in the savings banks, are restoring their wasted industries and recouping their lands laid waste by German ruthlessness.

Complaint is heard in the United States over the slow decline of the market quotations on Liberty bonds. The cure for that is emulation of French thrift. So long as thousands of Americans sacrifice their bonds to buy luxuries and have a "good time" Liberty bonds will sell below par. They are below par because a considerable number of extravagant and improvident holders are willing to sell them at a discount. The people who are sacrificing their bonds blame others when the blame lies at their door.



CLEANS OLD CLOTHES CLEAN—AND KEEPS NEW CLOTHES NEW

That's what our dry cleaning process does. It is the only successful cleansing method so far discovered and is both efficient and economical. Men's and women's apparel dry cleaned by us stay clean and shapely longer than by any other method. Call us up and give us a trial. Glendale 207.

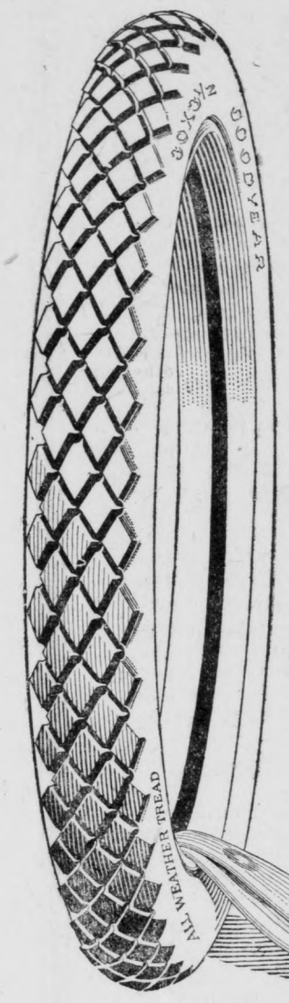
The World's Largest Production of Tires on the Smaller Cars Alone



We call attention not so much to the size of this average daily production as to the extent of the effort we put into the making of these 30x3-, 30x3½-, and 31x4-inch sizes.

The separate factory we have devoted to their manufacture is not only the largest of its kind in the world, but it makes fully effective that experience and resourcefulness which have produced the tires most popular on the higher-priced cars.

No tires bearing the Goodyear name contain a higher relative value than these tires for Ford, Chevrolet, Dort, Maxwell and other cars requiring the sizes mentioned.

If you own one of these cars, go to the nearest Goodyear Service Station Dealer for these tires and for Goodyear Heavy Tourist Tubes. He has them.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 3 x 3½ size *in waterproof bag* $4.50

INTERNATIONAL GET-TOGETHER DAY

NOGALES, Ariz., March 16.—(United Press).—Governor Thomas Campbell of Arizona and Governor De La Huerta of Sonora, Mexico, have accepted invitations from the Chambers of Commerce of Nogales, Ariz., and Nogales, Sonora, to be present at an international "get-together" meeting April 15. The Chambers of Commerce plan to make "governors' day" a gala occasion. Excursion trains will be run from Phoenix, El Paso, Tucson, Guaymas, Hermosillo and other points.

Advertise it, or advertise for it in the Evening News.

NOTICE OF ELECTION

Notice is hereby given that a General Municipal Election will be held in the City of Glendale, Cal., on Monday, the 12th day of April, 1920, for the following offices:

1—Three Trustees for the full term of four years.
2—Clerk.
3—Treasurer.

There will be 10 voting precincts for the purpose of holding said election, consisting of a consolidation of the regular election precincts established for holding the last general state or county election as follows:

CONSOLIDATED PRECINCT 1, comprising State and County precincts numbers 1, 2 and 10, and the voting place thereof shall be at 611 North Central Avenue (Garage).

CONSOLIDATED PRECINCT 2, comprising State and County precincts numbers 4, 5 and 7, and the voting place thereof shall be at 115 West Harvard St. (Garage).

CONSOLIDATED PRECINCT 3, comprising State and County precincts numbers 6, 13 and 14, and the voting place thereof shall be at 107 East Lomita Ave. (Garage).

CONSOLIDATED PRECINCT 4, comprising State and County precincts numbers 15 and 22, and the voting place thereof shall be at 1321 East Colorado St. (Garage).

CONSOLIDATED PRECINCT 5, comprising State and County precincts numbers 3, 8 and 9, and the voting place thereof shall be at Garage, N. side Wilson Av. E. of Orange St.

CONSOLIDATED PRECINCT 6, comprising State and County precincts numbers 11, 12 and 21, and the voting place thereof shall be at 801 East Wilson Ave.

CONSOLIDATED PRECINCT 7, comprising State and County precincts numbers 16, 17 and 18, and the voting place thereof shall be at 1021 A. South Brand Boulevard.

CONSOLIDATED PRECINCT 8, comprising State and County precincts numbers 19 and 20, and the voting place thereof shall be at City Hall Building, up stairs.

CONSOLIDATED PRECINCT 9, comprising State and County precincts Verdugo No. 1 (portion of) and Verdugo No. 2.

CONSOLIDATED PRECINCT 10, comprising State and County precincts, Burbank and Verdugo No. 1 (portions of each) and the voting place thereof shall be at Garage of C. H. Ellsperman, Sixth Street.

The polls will be open between the hours of 6 o'clock A. M. and 7 o'clock P. M.

J. C. SHERER,
City Clerk.

BROOM MAKERS HAVE THEIR TROUBLES, TOO

CHICAGO, March 17—The broom, in spite of the many modern household devices, still holds its own.

Broom manufacturers from all parts of the country met here today to make plans for increasing broom corn production and reducing the price of the handy cleaner.

"As long as the annual consumption of any commodity exceeds the production there can be little likelihood of lower prices," H. R. Kelso, Lincoln, Neb., spokesman for the association, said. "This is the problem broom manufacturers are face to face with. Something must be done at this meeting to alter these conditions.

"This year's broom crop was overestimated and now reports show the yield barely sufficient to keep the manufacturer going."

During a divorce trial of colored folks at Santa Ana, the excitement of testimony and denial ran so high that the mahogany-tinted complainant lady in the case seized a large court room cuspidor and was going to heave it at her spouse on the witness stand, but was prevented by her attorney. No blood was spilled, but the contents of the cuspidor were.

Escapes from the Los Angeles jails are getting so numerous that the city reporters regard it as news when a prisoner remains incarcerated.

AN UNIQUE DINNER

(Continued from Page 1)

ed Easter by its centerpiece of spring flowers and by the use of miniature rabbits, chicks, etc. That table also had its special place cards.

The centerpiece of the table around which gathered Mrs. H. W. Yarrick's class of young men represented a lake with ducks swimming in it and kewpies sitting around the edge fishing.

Mrs. Van Dyke's class used a lavender and pink scheme of decoration, the crowning feature of which was a shower of wistaria bloom festooned from the points of an inverted Japanese umbrella.

Twenty-two young men of Dr. Willisford's class were present and their table was set in the form of a cross and decorated with dainty white flowers and asparagus plumosus fern.

The dinner was planned and arranged by Mrs. H. W. Yarrick, chairman of the social committee of the church. She was assisted by Mrs. Ray Phillips and Mrs. Richards. Ladies who assisted in the serving—mothers of young people entertained—were: Mesdames Dudley, Woods, Naudain, Guthrie, Willett, Price, Murdock, Thistlewhite, Murman and Chase.

Mrs. Lash proved a very entertaining speaker. She used an acrostic to develop her theme, viz., sacrifice, efficiency, righteousness, vision, individuality, courage and enthusiasm, the initial letters of these words spelling her subject, "Service." Her talk was most impressive. In the interval between the conclusion of the dinner and the address there was a very jolly and spontaneous song fest by the guests.

BLANKET MAN PASSING

The Sacramento Union in its issue of February 26, quotes Fred W. Chapman, manager of the Public Employment Bureau at Sacramento, as saying that with the coming of prohibition the blanket tramp is passing, and will soon be unknown.

"Workmen," said Mr. Chapman, "are becoming more independent. It is hard to dictate terms on which a man will work when he has money in his pocket, and now that booze is gone most of the men have it.

"Formerly, when one of these men came to town, he usually spent his hard-earned money in a few days and then was forced to pawn his clothes to get enough to get a job and buy blankets. But now that he has money he is more self-respecting and more independent.

"It has always been the custom of the employer in this country to demand that their respective employes have their own bedding, for with so much whiskey running freely, few of them cared to take the men into their houses.

"But now we have for the most part a sober class of labor. The men who employ them in large numbers are willing to spend a little money to give them comfortable quarters."

OUR BIG DAIRY FARM

The County of Los Angeles is the owner of 400 acres of land located on the Long Beach Boulevard, near Downey, and on which the county has spent for improvements a half million dollars. This farm has a capacity for housing 800 of our dependent poor.

At the present time there are housed in this institution 688 people, of whom about twenty per cent are women.

It requires 50 employes, in addition to 125 inmates who are able to perform a portion of the work and for which they are paid a small compensation, to run the farm.

It cost last year to maintain this institution, $107,994, or a net cost for each inmate of 43 cents per day. The inmates are well fed, with three meals per day, and are housed in steam heated buildings, and given medical attention and nursing services when needed.

During five years the income from this farm has increased from $23,000 per year to the almost unbelievable sum of $131,000 for last year. The income of the farm consists of sales from milk and livestock.

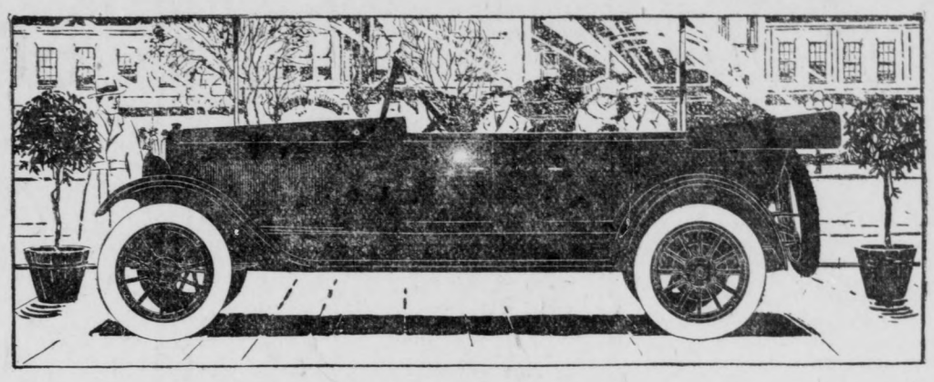
Last year this farm produced one and one-quarter million pounds of milk, all of which is used in the County Hospital and for which the farm is given credit at wholesale price.

Two years ago milking machines were installed at the farm, with a saving of the salaries of two men and an increase in the flow of milk of twenty-five gallons per day, a clear gain to the county of $625 per month. By the use of milking machines, the cows are milked three times in each twenty-four hours. A number of cows at this farm produce seventy-nine pounds of milk per day, and the average for the entire herd is close to forty pounds per day.

The installation two years ago of natural gas for cooking and heating purposes produced a saving to the county of $700 per month.

All interested in county affairs should take occasion when passing the farm to drive in, preferably at about 2 p. m. of any day, and see the splendid dairy herd at milking time. You will certainly be proud of this institution and pleased that you are a part owner of it.

CHANDLER SIX
Famous For Its Marvelous Motor



Chandler Leads Because of Its Real Worth

IT is easy to boast and make claims and to so magnify mere incidents that they may appear as mighty events. It is easy to paint in the colors of exaggeration.

Chandler advertising has never carried boasts or unfounded assertions to the public. It has never extolled some single performance as final evidence of superiority.

The Chandler Six is so distinctly the leader among medium-priced high-grade cars because of its own worthiness, which for sales purposes does not need the support of exaggeration.

Chandler worthiness comes primarily, of course, from its great chassis, light, strong and enduring, featured by the famous Chandler motor developed throughout seven years of constant manufacture with no change of type of design, but with refinements and developments which have kept it long strides ahead of any other six.

This isn't a claim. It's a fact, and over sixty thousand Chandler owners would tell you so if you could ask them.

Six handsome bodies, splendidly built and finished, are mounted on the one standard Chandler chassis.

Other cars of some similarity are listed at hundreds of dollars more

SEA MONSTER SHIP

SAN FRANCISCO, March 17.—(United Press).—Repaired and seaworthy, the monster transport Mt. Vernon, once a German liner, again leaves today for Vladivostok. The Mount Vernon has come to be known as the "hoodoo" or "jinx" ship of the Pacific fleet.

Recently the giant craft put back into San Francisco after being out four days toward Siberia, badly leaking and with her hull afire. She has since undergone repairs at Mare Island and a test cruise, with an army and a navy committee aboard, proved successful.

The entire crew of 500 men had been at the quarantine station on Angel Island. A case of smallpox is said to have been discovered after the vessel reached Mare Island.

On its arrival here last fall the Mount Vernon had aboard a crew, described as "tough," which is said to have given considerable trouble. It was recruited at New York during the dock strike. On arriving here the crew created a disturbance, declaring bad food was served.

Later the huge transport started for Siberia under sealed orders, presumably to take Czecho-Slovak troops home from Vladivostok. Leaks and other trouble necessitated her return after being out several hundred miles.

Three skippers have commanded the Mount Vernon since she came to San Francisco last year, and the ship has not made a voyage.

Captain Ferguson will be in command when she starts away today.

A sealed report concerning the Mt. Vernon's last fateful voyage has been sent to Washington. It is reported here that the investigators were unable to fix responsibility for the fire or leaks which made necessary the transport's return to this port.

Whole groves of young fruit trees are being stolen by thieves in the orange belt up around Riverside. This is a decided improvement over Eve's accomplishment in the Garden of Eden. She merely stole an apple.

Four hundred thousand dollars' worth of cotton was burned at Calexico the other day, which may cause another increase in the price of wool clothing.

Pasadena wants her famous Colorado street bridge as the motif for one of the new government postage stamps. Might use it on the five cent stamps, as it carries so many jitneys.

Mr. Glendale Merchant

Do you know that the Tropico Transfer is the pioneer truck line operating between Los Angeles and Glendale?

Do you know that we operate daily under franchise with the Railroad Commission?

Do you know that we are here to give you service?

Do you know that to give that service we have to have your business?

Personals

Miss A. M. Harrison of 130 Franklin Court spent the week-end with Mrs. W. E. Spike of Inglewood, returning Monday afternoon.

Mrs. Alva Learned of South Maryland Avenue was a guest for the day Tuesday in the home of her niece, Mrs. E. L. Learned, at 136 North Jackson Street.

W. G. Boyd has just completed the building of a garage on the rear end of the lot at 514 North Kenwood for the owner, Mr. Van Warner, to be occupied as a temporary residence.

Dr. and Mrs. C. L. Marlenee returned Monday night from an auto trip to San Diego where they spent several days visiting relatives, making no stops en route except at La Jolla. They fortunately escaped the rain both going and coming.

Mrs. W. C. Laughlin of 601 North Maryland Avenue is entertaining a welcome house guest in her sister, Mrs. J. M. Curtice, of San Francisco. She has visited Glendale for two winters and likes our city very much at this season of the year.

Miss Alice Bowing of New Hampshire, who has been the guest of her cousin, Mrs. George Adams of 350 West Ivy Street, since last November, left Tuesday night for the North en route for her home in the East. She has greatly enjoyed her stay in Southern California and has done considerable sightseeing.

Mr. and Mrs. H. R. Price of Eugene, Ore., have sold their beautiful home in that city and will bring their family to Glendale to make their home in the near future. They have a son of five years, and two daughters who are attending a young woman's college in that city. Mr. and Mrs. Price are great friends of Miss A. M. Harrison of Glendale.

Rev. Clifford Cole and wife, Floyd Mercer, O. L. Kilborn, Misses Eva Garton and Edith Learned attended the final meeting of the training school for teachers at the First Christian Church in Los Angeles last evening. Rev. Cole was chosen by the senior class to deliver the graduating address to them next Tuesday evening.

Among recent house guests at the home of Mr. and Mrs. Ed Lee of 345 North Belmont Street have been Mrs. Peterson and Miss Peterson of New London, Iowa, who is spending the winter in Long Beach. On Sunday they entertained relatives from Seattle, Mrs. Baxter and her daughter-in-law, Mrs. Baxter, Jr., Masters Bob and Bill Baxter and Mrs. Baxter's mother, Mrs. Stinson.

Mrs. M. E. Duncan of Long Beach is the guest of Glendale friends, Mrs. Pearl Tyler of East Windsor Road, and Mrs. Geo. Warren of N. Maryland Avenue. Picturesque Delaware county, Ohio, is the birthplace of Mrs. Duncan and Mrs. Warren, and scenes of mutual interest were recalled with pleasure, but the lure of California is too great and Ohio is now but the home of memories.

The genial face of Ray Hasson is to be seen on the streets again. Mr. and Mrs. Hasson sold their pretty home at 207 North Kenwood Avenue to Mrs. Doud of Chicago, and spent the winter near San Jose. Mr. Hasson has been connected with the State Dairy Bureau for a number of years and will soon carry on the work of maintaining a standard of purity along these lines in Long Beach.

An informal evening in honor of Miss Alice Gray Beach who is soon to leave on a trip to Montana, was spent at the home of Ernestine and Cecilia Lyon of 237 North Jackson Street Tuesday evening. It being the eve of St. Patrick's the table decorations were carried out in green. Those present were Mrs. Noble Ripley, Mrs. J. T. Beach, Mrs. Sidney Simon, and the Misses Alberta Heisler, Irene Mauk, Lila Webster, Lila Shea, Dorothy Hobbs and Alice Gray Beach.

Mrs. Mary E. Larkin of 202 Fairview Avenue thinks that sometimes the mountain comes to Mohammed and though she is confined to her home pretty closely by ill health, the world is coming to her in the improvement of the district that is going on around her and the new comers arriving to be her neighbors. She reports that a house next to her own has been sold twice within the past two months, a family from Iowa having just purchased it and moved in.

Mrs. Frederick O'Brien of 501 S. Pacific Avenue has received advance notices from the Century Company of her husband's forthcoming book, "Drifting Among South Sea Isles," which will be published in The Century before it appears in book form. The first installment to appear in the May number is entitled, "The Calm One of Fatuhiva." The new book deals with Mr. O'Brien's wanderings, adventures and life in Tahiti, the Marquesas Islands and the Paumotan Islands. He has caught the spirit of the South Seas which he reproduces graphically and alluringly for his readers.

People's caucus at High School Auditorium Thursday evening, March 18, at 8 o'clock, for purpose of nominating candidates for city offices. Every citizen of Glendale should be present.

"POLLYANNA"

MARY PICKFORD PLAY WITH HAROLD RALSTON AS SUPPORT A GREAT TREAT

In showing "Pollyanna" with Mary Pickford in the title role and Harold Ralston of this city in the supporting role of "Jimmie Bean," Mr. Jensen of the Palace Grand has provided a treat which Glendale ought not to be slow to appreciate. It is by long odds one of the prettiest, most wholesome plays that has ever been shown on the local screen, and the fact that one of our school boys has the artistic endowment to put on so finished a performance as is his Jimmie Bean—quite as good the majority of theatre patrons will declare as that of the star—should be no small satisfaction to Glendalians, particularly to the playfellows and other personal friends of the boy. He surrenders himself to the part and is a real boy in expression and action. Some who have witnessed the performance have expressed the hope that he will not limit his work to screen dramas, but that he may some day, in his maturity, perhaps, be seen on what is termed the legitimate stage in a speaking part. If there are any who have failed to see this sweet, charming, amusing play about the "glad game," they should not lose the chance to take in one of the performances on this, the closing day of the picture.

Howard is under contract for work in the "Empire Builders," a new play by Mary Roberts Rinehart, about to be produced. He expects to start in on this very soon. It is interesting to know that Mrs. Rinehart saw "Pollyanna" and was so impressed with Howard's work in that picture that she sent for his manager and told him she wanted to secure Howard for a part in this play which she has, since seeing Howard, changed in certain respects to make it fit him the better.

Howard's brother, Bradford, who is but thirteen years old, is now working in a picture with Bessie Love on a location near San Francisco. Mr. Ralston is with him. The baby of the family, Carlton Ralston, has also had a part in the picture in scenes made at the studio, but has not been out with the company on location.

Clarence Ralston, who is a senior in Glendale High, is working so hard in his school course that he is cutting out motion picture work as much as possible until after his graduation.

CORN "PATCH" IN FUTURE BOULEVARD

One of the proposed cross-town boulevards in the new plan of highway extensions is Monterey Road, which is now but three blocks long, extending from Verdugo Road to Glendale Avenue. If present plans are carried out it will be continued west as a scenic boulevard to San Fernando Road. The present short stretch of highway comprising this future traffic artery is rather prosaic in appearance, with a row of live oak trees down the center and a flourishing patch of sweet corn taking up the north half with the roadway on the south side.

PRESBYTERIAN LADIES MEET

The ladies of Glendale Presbyterian Church met in the usual monthly all-day meeting yesterday at the church. Mrs. J. J. Davis, the new chairman of Pastor's Aid Department, had charge during the morning and a profitable time was spent in making garments for the City Welfare Ass'n. Hot lunch was served at noon under the direction of Mrs. Arbuthnot and Mrs. Banker. After lunch a short business session was held at which Mrs. M. P. Harrison presided. The new officers of the Missionary Department, Mrs. J. A. Newton, president, and Mrs. J. W. Boyd, secretary, then took charge and reports were read by each chairman of the work accomplished during the past year. At the close of these reports Mrs. F. A. Field conducted the devotionals, followed by the afternoon program in charge of Mrs. F. P. Wilkin and Miss Harris, who gave a splendid talk on "Jews." Greetings were extended to the society by Mrs. Ayers, now of Tropico, who helped to organize the Glendale Presbyterian Missionary Society 36 years ago. After serving as a charter member for 21 years she moved to Tropico and there 15 years ago helped to organize the Tropico Presbyterian Missionary Society. In spite of the rain the meeting was well attended, there being nearly 50 ladies present.

WHY THEY DON'T PATRONIZE THE GLENDALE LAUNDRY

W. E. Hewitt of the Glendale Laundry has been telling the people of Glendale in a series of little talks in his advertising space in the Evening News why the Glendale Laundry is so well patronized. Of course it is too much to expect that any industry or business will get 100 per cent of the patronage in its territory, and Mr. Hewitt begins today to give reasons why some Glendale people do not patronize the Glendale Laundry.

WANTED—10 boys at 5 p. m. this Wednesday evening to distribute hand bills. Report to Evening News, 304 East Broadway.

COUNTY CHARITY WORK

THOUSANDS CARED FOR YEARLY AND TREATED AT HOSPITAL

Few people in Glendale realize the great extent of the work done by the Department of Charities in Los Angeles county.

The county hospital, comprising 20 solid buildings on 35 acres of land along Mission Road, south of Lincoln Park, represents an outlay of $2,000,000. There were 14,000 patients treated there the past year at a cost per patient of $1.71. It is the third largest county hospital in the United States and has 1283 beds. To care for all the sick folk in this great institution requires the services of 35 graduate physicians, 175 nurses and 200 miscellaneous employes. There are 130 student nurses in training at this time.

There is a leper colony, the only one of the kind in Southern California and with an average of 5 to 8 patients. It is within the hospital grounds.

The Olive View tuberculosis sanitarium is located nearly 25 miles from the county hospital, near San Fernando, at an elevation of 1500 feet. It has a bed capacity of 100 patients.

The county farm of 400 acres, 3 miles southeast of Downey, had an average daily population the past year of 688. Its total revenues from products raised and from fruit and stock sold was $131,790. It cost 43 cents per day to feed each inmate. A brick shop building, fumigating room, morgue and employes' cottages have just been completed and a 100-bed psychopathic building will soon be finished. Money is on hand for a new barn, recreation building and an addition to the women's ward. The farm management is exceedingly proud of the herd of 130 Holstein-Fresian milch cows and 170 head of young cattle, as well as the up-to-date sanitary dairy.

The Outdoor Relief Division with its 42 employes, handled 5476 cases during the past year at a net expense of $237,441.

Industrial extension work is a branch started two years ago for the education of physically handicapped persons and the fitting of them for remunerative vocations for which they are best adapted. A great deal of such work has been done for blind persons.

Salvaging of worn clothing and other articles collected throughout the city and vicinity is being conducted under a comprehensive system with the aid of the Women's Community Service, the plan of the Red Cross during the war being followed. This department expects to begin the operation of a county clothing store soon. A grocery store is already in operation but as yet it supplies only a part of the clients of the relief division.

The county cemetery at 3301 E. First Street is where the bodies of indigent dead are buried. These average about three a day, and nearly 12,000 bodies have been interred there up to this time.

VISIT COACHELLA

PARTY OF GLENDALE RESIDENTS MAKE DELIGHTFUL TRIP TO VALLEY

A company of Glendale people composed of Mrs. Ina Randolph, her nephew, Harvey Reed, Prof. Harry L. Howe and L. W. Babcock made a flying trip to Coachella Valley, leaving Glendale Heights at 4 p. m. Friday with 145 miles ahead of them. Mrs. Randolph at the wheel lost no time but pushed on through Pasadena, taking the famous Foothill Boulevard to San Bernardino and from there on to Banning, where the party partook of a good hot dinner at eight p. m. Leaving Banning the party journeyed on by way of the San Gorgonio Pass, yet within 46 miles of the valley, reaching Indio at 11 o'clock, where Mrs. Randolph was the guest of Rev. D. J. Gillam, pastor of the M. E. church, and wife. The other members of the party were not so fortunate. One chanced to get the only remaining bed in town and the other two slept (?) in the automobile. Saturday morning Prof. Howe assumed the honor of driving and took the party through miles of onion fields and vineyards to many of the date orchards, on the way calling on Mr. and Mrs. T. D. Ogg, formerly of Glendale, and Mrs. Ogg's mother, Mrs. Scott; then to W. L. Paul's beautiful place and Prof. Howe's farm where he is having several acres set to Malaga and other table grapes. Many acres are being prepared to plant Pima Long Staple cotton, over which the valley is somewhat excited owing to the high prices offered by various companies for this product. At noon the party had a picnic dinner on Fred Johnson's fig and date farm, where one date palm produced 517 pounds of dates last season, selling to the date factory for 75 cents per pound. After looking over several other farms in this beautiful valley the party left at 4:30, homeward bound, reaching Glendale Saturday at 11:50 p. m., all pronouncing it a most delightful trip.

Advertise it, or advertise for it in the Evening News.

Why Some People Do Not Patronize The Glendale Laundry

Because they are newcomers to Glendale and do not realize that the Glendale Laundry is "different" from city laundries. Because they may have had unpleasant experiences with other laundries and think laundries are all alike. Because they have not yet learned the features that set the Glendale Laundry apart from all others.

Can't we get acquainted?

Glendale 1630

Happy Women

Women sometimes dread transacting business with a bank.

They are not familiar with banking methods, in many cases, and may have had some experiences which have not made the thing they feared any easier.

Such women always leave this bank smiling and happy, dread all gone and glad to come again.

The First National Bank
Glendale, Cal.

LOVES MONTANA HOME

BUT EXPECTS TO SPEND DECLINING YEARS IN CALIFORNIA

Mrs. J. F. Mercer, who, accompanied by her husband, has been spending the past three months in Southern California, thought when they came that no place in the United States could surpass Helena, Montana, as a desirable place of residence, but she frankly admits that she has changed her mind.

The Mercers have lived in Helena for 15 years and have enjoyed its summers, cooled by the snowbanks crowning the surrounding mountain tops all the year around, as well as the winters with their dry cold which sometimes reaches 55 degrees below zero. There are sparkling streams of water in every direction fed by frequent rains and melting snows and these never fail. Deer are abundant in the mountains and come down and mingle with the cattle and sheep during the closed season, but flee to the mountain tops at the first sound of a gun when the hunting season opens. Helena is but 79 miles from Yellowstone Park, and Mrs. Mercer has much to say of its wonders, which she says are understated rather than exaggerated by tourists and newspapers.

Mr. Mercer is an engineer on the Northern Pacific, having a local freight run by choice, as it enables him to be at home more and pays much better than the fast passenger runs. He makes from $10 to $15 a day and in a little more than five years will retire on a pension. Then, says Mrs. Mercer, they will come to California to spend the remainder of their days, with Glendale as first choice as a place of residence. When they arrived to visit the families of Geo. D. Mercer, a brother, and Floyd Mercer, a nephew of J. F., the two former lived on 54th St. in Los Angeles, but soon afterward moved out to Glendale. J. F. and wife have two sons in railroad work in Illinois and all of them decidedly favor government ownership of the railroads. Mrs. Mercer says railroad employes almost to a man are of this opinion, and claim that the poor showing financially of government operation was caused by the deliberate crippling of the road's resources by the owners, who had advance information of the plan of taking them over.

Are You Interested

We sell reasonably priced homes on easy terms.

We sell business and residence lots that are advancing in value all the time.

We loan money to build homes on lots that we sell.

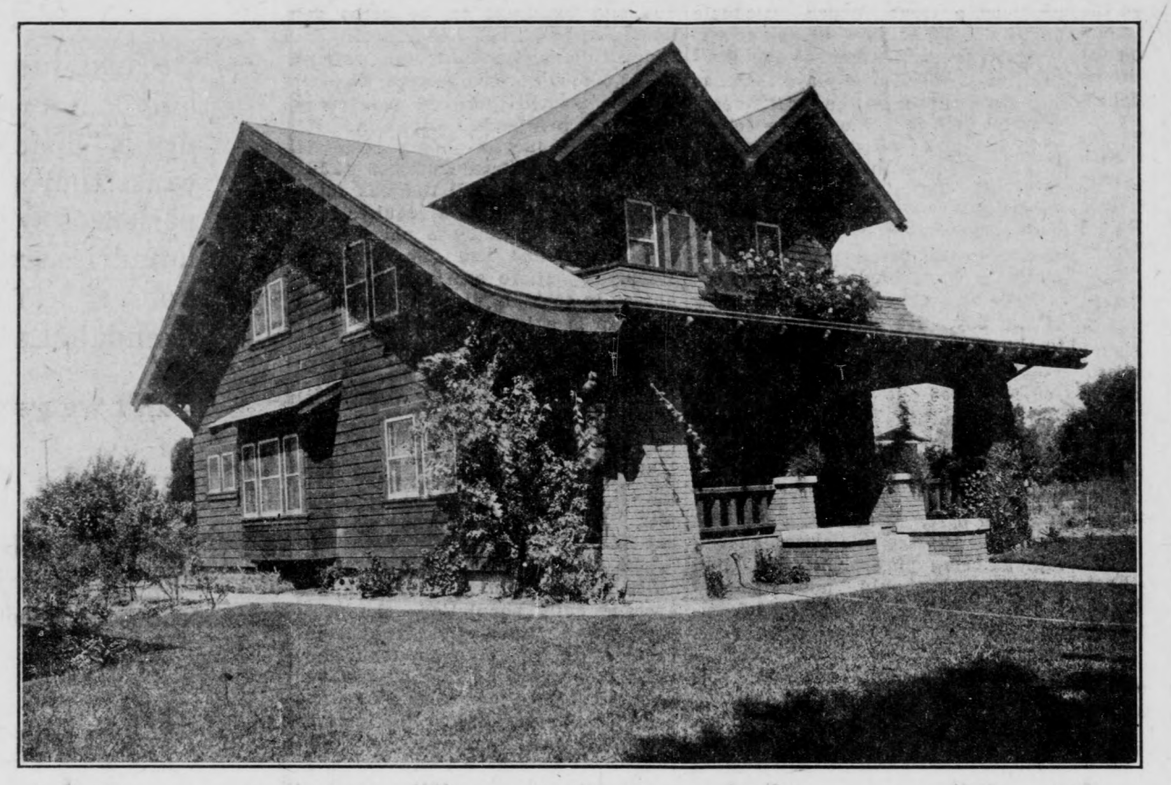
We can give you a good deal in income property of any kind.

We sell fire insurance at the same rate for twenty years in reliable companies. No war tax.

We list no property with inflated values.

We are on the job all the time and have been for 28 years. We didn't spring up with the boom in real estate.

We are ready at any time to take you out and show you any property in which you are interested.



Have You Bought a Home Yet?

It's time to get into the band-wagon. No far-seeing man is paying rent today. Rents are too high; it's too much like throwing money away; and so much of the desirable property is occupied by the owners or on the market for sale.

Do you know of any dealer who can show you a longer list or better bargains or easier terms than those we submit today? If you do, our advise is that you lose no time in going to him and buying a home.

It is our opinion, though, that you can't do better than to look at some of the properties that we have listed. If you'll tell us what you want, we'll show you something that will suit you.

Come to our office. We are on the job every minute and are ready at any time to take you out and show you the property.

FORGERY CASE AGAIN

(Continued from Page 1)

cerned in the forgery here. The Glendale police authorities yesterday received information from Santa Ana that both the young women have been connected with crimes in other places. Mrs. Stangland was known in these as Bernice Eloise and as Mrs. H. Woodley. When arrested in Orange county she at first claimed to be only 17 years old, but when confronted with documentary evidence from her marriage certificate and parole papers showing she was in her twenty-second year she gave up.

Stangland is a fine appearing, intelligent looking young fellow whom most any one would think could make his way in some honest employment. In the examination today Mr. Smith of the Bank of Glendale identified the two checks presented at the bank by Stangland, the first of which bore the name of R. L. Williams, which he acknowledged was not his. He then secured another from Mr. Salmacia made out in the name he claimed as his—E. P. Stanley. Mr. Smith also presented a letter from the Bank of Calffornia in Seattle, confirming the telegram sent in response to one from Mr. Smith inquiring as to the validity of the $450 check on the Seattle bank, which check this bank declared was a forgery. Mr. Glover, from the District Attorney's office, conducted the case for the state.

Stangland was bound over to the Superior Court in the sum of $5000.

CONSCIENCE FUND

(Continued from Page 1)

grounds of about half a block on N. Orange Street were commandeered, and Mrs. Campbell was then Chairman of Hospitality, and supervised the Dutch dinner given on the lawn of the John Robert White home. Believing that it would be well to shift part of the responsibility to Mrs. Campbell's shoulders, Mrs. Jones called her upon the phone, revealing all the facts. Mrs. Campbell, suppressing all reproaches, suggested that Mrs. Jones make the sugar into candy and send half of it to her. While this seemed a good suggestion, Mrs. Jones felt so grave a matter should receive more serious consideration. She therefore decided to take the incriminating evidence to her new home, and a few days ago sent out invitations to members of the hospitality committee which had been headed by Mrs. Campbell and the committee of the year following, headed by Mrs. H. H. Martin, to meet at her home on Brand Boulevard Tuesday afternoon. When the ladies, somewhat mystified by the form and manner of the invitation assembled, they found the home of their hostess decorated in a green and white color scheme appropriate to the approaching birthday of Ireland's patron saint and also appropriate to the guest of honor—Mrs. Campbell—who is a true Irish-American, Mrs. Frederick Baker, who served as chairman of the program committee during Mrs. Jones' presidency being invited to serve as umpire. To provide for all emergencies which might result from the findings of the tribunal, Mrs. Campbell was requested to bring a "big stick." She brought a shillalah of black thorn suspended from her wrist by a leather thong. Upon the curve of its handle was carved a shamrock, the emblem of Ireland. When the ladies had been called to order Mrs. Jones addressed them, saying she had an important announcement to make regarding Mrs. Campbell, a lady whom she admired greatly. She then held up the bag of sugar, wrapped in white tissue paper and tied with green ribbons, and with great circumlocution and mystery told them the story of the sugar hoarding. At the conclusion of the recital she turned the bag over to Mrs. Martin, asking her to say what in her judgment should be done with the sugar. Mrs. Martin moved that ladies make a pool by contributing 25 cents each, the money to be turned over to Mrs. Campbell for the credit of her original hospitality committee and donated to the club building fund. The motion was discussed and was finally amended by a provision to use the money in the pool to buy more sugar to be added to the amount in the bag and then turned over to a committee to be manufactured into candy which should be sold for the benefit of the club house fund. Mrs. Walter Stamps was made chairman of the Candy Committee.

Mrs. Jones told her guests how happy it made her to entertain the women who had worked so faithfully for the club house fund during her administration and who had put over three big functions in the most creditable manner, the Dutch dinner, already referred to, and the cafe dinners given under Mrs. Martin's chairmanship at the Festival of Fruits and Flowers, all of which netted large sums for the fund.

While refreshments were being served guests were asked to each contribute a joke with the promise of prizes for the two voted as the best. The first prize was a large Irish potato, wrapped in white tissue paper, tied with green ribbons and bearing an Irish flag. This went to Mrs. E. S. McKee, who told of the Irishman living in an upper apartment who became ill, and summoned a doctor. The physician left a prescription with him directing that he take one dose and then skip three hours. When the people in the apartment below visited him to determine the cause of the racket disturbing them, they found him systematically skipping in a conscientious effort to carry out the doctor's orders. Mrs. Frederick Baker captured the second prize, a whistle, which expanded into a green snake when blown. Her story was the conundrum: If a Ford machine should be seen chasing another Ford in Ireland, what time of day would it be? The answer was: "Tin after tin." Mrs. Baker declared she would use her whistle for an auto horn.

After the refreshments had been enjoyed, at the request of the hostess, Mrs. Campbell gave a very fine and illuminating talk on present conditions in Ireland, based on intimate knowledge. It was quite informal and wonderfully enjoyed by all the ladies present.

Mrs. Jones was assisted by her daughter, Miss Winifred Jones, and by her sister, Mrs. Pigg. Most of the afternoon was spent around the fireplace with the rain beating upon the window panes, and Mrs. Campbell pronounced it a typical Irish day. The guest list included: Mrs. Daniel Campbell, guest of honor, Mesdames H. E. Bartlett, V. Price Brown, J. W. Elliott, Frank Hester, John G. Huntley, H. H. Martin, A. D. McCoy, George Mitchell, W. W. McElroy, E. L. Park, F. W. Pigg, T. C. Thornton, J. C. Waite, John Robert White, H. P. Goodwin, Albert Pearce, Walter Stamps, J. F. Hearnshaw and E. S. McKee.

People's caucus at High School Auditorium Thursday evening, March 18, at 8 o'clock, for purpose of nominating candidates for city offices. Every citizen of Glendale should be present.

FACTS ABOUT RAINFALL

TOTAL NOW AHEAD OF LAST SEASON WITH PROSPECTS FOR MORE

H. E. Bartlett's gauge showed a rainfall of .79 of an inch yesterday, making 12.71 inches for the season. The total at this date last year was 10.82 inches. T. W. Preston, who also keeps an accurate record, gave the Evening News some interesting facts concerning the rainfall of the last three seasons. His record for the storm of yesterday was .82 with a total of 13.35 inches for the season. Last season's total fall, ending with a slight rain in April, was 12.83, so we are now already ahead of that record. The heaviest fall last season was 2.14 inches on March 14. This year the largest total for a storm was on January 23, the amount being 2.05 inches. On March 2 we had 1.87 inches. For the last three seasons there has been more than the usual rainfall in September. Three years ago there was more than five inches in late September and early October, with less than that during the entire remainder of the season. These heavy rains early in the season are not nearly so beneficial as the ones that come toward the middle and latter part. January and March are generally the rainiest months. In 1913, Mr. Preston said, there was ½ inch of rain in June, which was almost unheard of.

It doesn't pay to feed the milch cow

musty grain or hay. Your stock will do well if it gets the proper feed and is given the proper care. We have made a study of feeds and specialize in them. We can advise you as to the best feed for the baby chicks, the young rabbits, etc.

We have a special mash for does. Have you tried it?
